

**TOP SERIES
UP TO 9 m3/h**

Applications and installation

- 1-For clean water supply from wells or reservoirs.
- 2-For domestic use, for civil and industrial applications.

Operation conditions

- 1- Maximum Liquid temperature: +40°C
- 2-Maximun Ambient temperature : +40°C

Components

- 1-Pump Body : PP
- 2-impeller : PA6
- 3-Motor Body :PP

Motor

- 1-230 Volt 50 Hz
- 2- With electronic switch
